TV/PPU-3SE

Battery Blocks for Portable devices

Transvaro PPU-3Se (TV/ PPU-3Se) is primarily the external battery which feeds the devices on the weapons for a long time. It is adaptable on the other Transvaro products such as MULTI and Engerek series. If the connector data and PIN are defined, it can easily be proven to be adaptable on the other devices. As a standard, the adapters are provided for charging purposes. If desired, the sun panel and charging accessories for the vehicles may be included in the set as an option.

- ⊕ Light weight
- ⊕ Chargeable
- ⊕ Mountable on the weapons and waist
- ⊕ Permeable
- ⊕ With level indicator
- ⊕ Adaptable for different capacities and devices
